Welcome to our Grand Opening!!

Paul and I are so excited to be launching The Aromatic Outback and delighted that you have expressed an interest in our little business by signing up to receive our newsletters.

At this stage we have ready for sale our Australian themed soap range, with four lovely unisex scent blends (and one unscented) to choose from. On the 1st of September 2008 we will upload the shopping trolley and you will be able to make purchases of our soap from then.

During the next couple of months we intend to introduce other products and during that time we'll launch a periodic (monthly) newsletter to let you know what new offerings we have. We'll then shift to quarterly newsletters to keep you updated.

Our newsletters will contain tidbits about the business, skincare recipes and, of course, coupons!

In the mean time please enjoy this discount on us, valid for our first week open for sales. (Details to the left.) The coupon code must be used to obtain the discount.

So, thank you, and we look forward to growing our business with you.

Kitchen Cupboard Facial

1/2 cup plain yoghurt
1/8 cup honey
1/8 cup ground oatmeal
(or quick oats or oat bran)

Gently stir ingredients together to form a paste. Wash face with warm water and with skin still damp, apply paste in gentle circular movements from neck up to forehead. Rest for half an hour and then remove paste with a warm, damp facial cloth.

This is a one use facial—do not store any leftovers.
